MARKETS BY TELEGRAPH.

NEW YORK STOCK MARKET.

NEW YORK, Nov. 22.—Government bonds were dull and strong. Stocks were more active and generally firm, but dividend paying stocks were dull and sluggish, while specialties showed the usual strength prevalent of late. The opening was irregular, but generally firm, and changes from Saturday's final prices ranged from 1/8 to 3/8. The generally active stocks were rather weak and feverish, but strength in specialties rallied the list, and poor figures were not materially different from those of the opening. There was little change throughout the afternoon, and closing figures show irregular changes of small fractions generally.

Mining shares were stronger, Bulwer $1 90, Yellow Jacket $3 60, Nevada $3 75, Union $3 75, Deadwood $8 15, Mono $2 85.

MARK LANE REVIEW.

LONDON, Nov. 22.—The *Mark Lane Express*, in its review of the British grain trade for the past week, says: Wheat deliveries have continued very restricted. In London trade is slow, at an advance of 9d. In the provincial markets values are very firm and slightly above current rates in London. Sales of English wheat during the week were 58,464 quarters at 31s 1d, against 58,000 quarters at 38s 10d during the corresponding period last year. Flour is steady. Barley is inactive. Trade in foreign wheat is hardening. Quotations are irregular and tending toward an advance. Heavy arrivals of foreign oats caused a fall in values of 3@6d. Brans are 1d dearer. Eight cargoes of wheat arrived, two cargoes were withdrawn, and five remained, four of which were California and one Oregon. To-day there was increased inquiry for wheat. A shilling advance was asked on Indian, American and Russian. Flour and corn were each 6d dearer. Barley was quiet. There were further large arrivals of oats, and prices were 3d lower. Beans and peas were firm. Linseed was 6d dearer.

J. McDonald, who was shot in the hand by policeman Ellwanger, was up in the police court yesterday to answer to a charge of stealing a sack of potatoes and a hatchet from the residence of Charles Plouchek on the 20th inst. McDonald wanted time to consider and procure counsel and was allowed until Wednesday to do so.

The case of John Connolly, of the larceny of $15 from Alex Rankin, was continued until Wednesday in order to allow the prosecution to open the case and introduce further evidence. His honor remarked that, unless more evidence was submitted, he would be compelled to discharge the accused from custody.

Edward Gillan pleaded guilty to drunkenness and was fined $2.

John Hastings, a boy, found lying full length on the sidewalk on Third street, between E and F, dead drunk, was allowed to step out and get. A Mrs. Ryan was up for raising a disturbance in a junk shop at 67 Ash street, kept by Mr. Holtbergh. Wm. Woods, who formerly kept the place, was recently sent to the penitentiary. Just before he was sent up Mrs. Ryan sold him two stoves, but didn't get her money for them. Wood sold out to Holtbergh and Mrs. Ryan wanted him to pay for the stoves, and he naturally refused. Saturday morning about 10 o'clock Mrs. Ryan, while on the warpath, went to Holtbergh's place, and finding him out, went to a locksmith and got a key fitted to his door. She then put a Chinaman who had charge of the junk shop out and locked the door with the key made for her by the locksmith. Soon afterwards Holtbergh returned, and finding his shop door locked took his key out of his pocket and opened up again. Mrs. Ryan, who had been communing too freely with bad spirits, happened along and started a rumpus, and Holtbergh caused her arrest. Judge Dement, after listening to the story as above remarked, "another case of bad whisky, $10 fine."

THE DIVORCE MILL.

Jennie M. Fisher was yesterday granted a divorce in the state circuit court from C. M. Fisher on the ground of cruel treatment and desertion. They were married on the 7th of November, 1885, in East Portland, and during the month of October last defendant went to San Francisco, and on his arrival there wrote a letter to the plaintiff informing her that he had left her forever. Plaintiff was allowed to resume her maiden name, Jennie Radabaugh.

Mary J. Weber vs. Emil Weber; hearing set for Wednesday and plaintiff allowed to amend complaint so as to include F. A. E. Starr and B. Killin as parties defendant.

The application of Sarah J. Crooks for the possession of her minor child was set for hearing on November 29 yesterday by Judge Stearns. Mrs. Crooks was divorced from her husband, J. M. Crooks, about a year ago, and he was given the custody of the child and took it with him to Columbia county. Mrs. Crooks prays the court to change its former order awarding the child to the father and, instead, let her care for it.

Nine Men Arrested for Timber Depredations.

THE BARNARD CASTLE WRECKED.

The President of the San Francisco Stock Board Absconds—His Liabilities Estimated at $200,000—Coast Notes.

WALLA WALLA, Nov. 22.—Special timber agents M. J. Haley and Wayne Ferguson arrived here this morning from northern Idaho, where they caused the arrest of nine men for timber depredations on the public domain, including Young Mitchell, of Seaside, attorney of the Northern Pacific, contractor Greenough, of the Montana Improvement company, sub-contractors Joseph L. Pritchard and Oliver & Bennett, and roadmaster Massen, of the Northern Pacific. The prisoners were taken to Murray, Idaho, for trial before Judge Buck. Haley was summoned to court here, and the trial will probably be deferred till he can get to Murray.

Negotiations are in progress for the purchase of the *Union* newspaper by Ed. C. Ross, of Prescott, former editor of that paper.

THE UMATILLA AT WORK AT OLYMPIA.

OLYMPIA, Nov. 22.—The steamer Umatilla arrived here this afternoon and immediately commenced work on the channel.

THE BARNARD CASTLE WRECKED.

She Strikes a Rock Near the Race Rocks Light—No Lives Lost.

VICTORIA, B. C., Nov. 22.—The steamship Barnard Castle, Capt. Urquhart, struck on Rosebue reef, south of the Race Rocks light, at 6:45 this morning, in clear weather. Mate Whitney was in charge at the time, and failed to keep the vessel sufficiently south of the rock. The captain beached her in Pilot bay, Bentick Island, on a good bottom, where she now lies, partly covered with water. The captain and crew of twenty-five got safely off, and saved all their personal effects. The steamer was loaded with coal from Departure bay. She will likely become a total loss. It is understood that the vessel and cargo were fully insured.

LATEST FROM THE WRECK.

VICTORIA, Nov. 22.—The latest from the wreck of the Barnard Castle is that she still lies in the same position, almost submerged at high tide. The owners have abandoned her to the underwriters, with whom the vessel and cargo were insured for $50,000. The tug Pilot saved a lot of gearing to-day. It is thought she will prove a total loss.

CALIFORNIA.

THE PRESIDENT OF THE STOCK BOARD ABSCONDS.

SAN FRANCISCO, Nov. 22.—Baldwin Gardiner, a well-known stock broker of this city, has left for parts unknown. It is stated that he had become so heavily involved that he could not stand the pressure of the demands by his creditors. For some time past he has been dealing in rising stocks, and was "short" on the market to his customers. It is roughly estimated that Gardiner's liabilities are $200,000. Most of his creditors are poor people, and his reported defalcation has caused much grief and indignation among them. Gardiner has a family and is a church member. His failure will probably cause the failure of a number of smaller brokers. Gardiner was president of the Pacific stock board. His resignation was received by that body to-day, but contained no indication of his whereabouts.

RETURN OF THE SCHOONER PEARL.

The schooner Pearl arrived in port yesterday in ballast, as her report to the Merchants' Exchange says, from a fishing cruise. The Pearl, which is owned by Louis Sloss and commanded by Captain Anderson, left here about four months ago, ostensibly on a fishing expedition. It is rumored round the water front that the schooner did not go fishing, but took a trading cargo to Corea, but was not allowed to enter port in the "Hermit kingdom." She then went to Hakodadi in Japan, and disposed of her cargo at auction, and then returned to this port in ballast.

GARDINER IN COURT.

George D. Gardiner, who shot and killed young Eugene Guindon in front of Gardiner's residence on the morning of August 29, appeared for trial for murder in Judge Wilson's court to-day. Counsel announced themselves ready for trial, but Mr. Highton asked for a continuance, owing to his engagement in the Pratt forgery trial in Judge Murphy's department. The case was in consequence continued for one week.

A DENIAL.

Regarding a rumor that the Southern Pacific company has purchased the South Pacific Coast railroad, Col. C. F. Crocker says there is no truth therein, and that the property remains in Senator Fair's possession. It is stated that the original price of $4,000,000 placed on the road has been raised to $6,000,000, and that this prevents the consummation of the sale.

BODY IDENTIFIED.

The remains of the drowned man washed up by the tide on Oakland beach last Saturday have been identified by his brother as those of Leo Hirsch, who has been missing for fifteen days. There is no doubt that the unfortunate man committed suicide. About a year ago Hirsch's parents were accidentally asphyxiated.

BIG OPIUM SEIZURE.

Customs officers of this city made a seizure today of $85,000 worth of opium, in the house of Charles R. Bronson, at Alameda. It is supposed the opium was brought to this city from China by the steamer City of Sydney, and was removed to the place where it was seized.

THE CASE OF "JEMMY" HOPE.

The habeas corpus case of "Jemmy" Hope, the noted cracksman, came up before Judge Toohy to-day. On request of counsel for defense the case was continued for the second time until Saturday next, when a day will be set for argument.

EMBEZZLER GRAY PARDONED.

SACRAMENTO, Nov. 22.—The governor has pardoned John S. Gray, connected with the embezzlement in San Francisco in 1883 and sentenced to ten years. It was recommended by the board of state prison directors, on the ground that his mind was becoming impaired and further incarceration would destroy his reason. The petition for this pardon was signed by the committing judge and a large number of prominent citizens.

BURNED BY AN EXPLOSION.

REDWOOD CITY, Nov. 22.—Dennis Delaney, engineer for Timothy Hopkins, at Menlo Park, went into the pit of the gas house to-day, while it was filled with gas, and lit a match to look at the machinery. An explosion occurred, and Delaney was terribly burned. Recovery is uncertain.

A HUNTER KILLED.

REDWOOD CITY, Nov. 22.—Alfonso M. Cook, one of the chief clerks of the Golden Rule bazaar of San Francisco, was killed yesterday while hunting, by the accidental discharge of his gun. Deceased was about 34 years of age, and leaves a wife and two children.

BLOWN TO SEA.

HUENEME, Nov. 22.—The schooner Volante was blown off the beach at high water yesterday, by an off shore gale. A vessel supposed to be her is in sight near Napa island. The tug Relief, now here, will go after her and take her to San Francisco.

RIVERSIDE FARM HOUSE BURNED.

BRITISH COLUMBIA.

NOTES FROM VICTORIA.

VICTORIA, Nov. 22.—H. M. S. Cormorant arrived from Metlakahtla Saturday afternoon, with officials on board. The Indians who were interfering with the surveys were arrested, tried and sentenced. The survey is now going on, and there is no fear now of any outbreak.

The man found dead in the woods near Shawnigan lake was one named Moreland, from Hot Springs, Ark. He put a pistol to his temple and shot the whole side of his head off. No cause is assigned for the rash act.

WASHINGTON NEWS ITEMS.

CLEVELAND AND HIS MESSAGE.

WASHINGTON, Nov. 22.—It is the belief of all influential men who have arrived here this month that although this session of congress will be a short one, it will in all probability develop presidential candidates for both political parties. Everywhere the remark is made that Cleveland is straining every nerve on his message, and that he expects to make this the document of his life. Cleveland, it is said, will try to solve the problem now presented in the threatened wreck of the national banking system; that he will make an attempt to point out to the national legislature what should be done with foreign issues, advising what disposition should be made of public lands, and many other matters before the people, and which are crowding congress for action. It is predicted also that the labor question will be touched upon very forcibly, and the whole field of technicalities in statesmanship gone over. The message will be the best evidence of the fitness or unfitness of Cleveland to occupy the position he is in of anything he has shown since he came to the White house, and it will, several congressmen say, make or break him for the struggle of 1888.

THE PRESIDENT WANTS SOLITUDE.

WASHINGTON, Nov. 22.—The large park back of the White house has been always used as a public park during the daytime. Yesterday the president issued an order closing this park from 3 o'clock in the afternoon until 8 o'clock in the morning. Naturally the order has created a good deal of comment, as would the closing of any common right at unusual hours. The reason given by people of the White house for the order is that the president and Mrs. Cleveland wish to take exercise in the grounds free from public attention. It is said that the president is anxious to reduce his flesh, and that up to the present time he has found only at his country place opportunity for exercise without coming under the curious eyes of the public. People are beginning to ask if the president is afraid, or whether it is a natural shrinking from the gaze of the curious, or a poetic fondness for solitude.

ADVICE FOR THE PRESIDENT.

NEW YORK, Nov. 22.—The *World's* Washington correspondent telegraphs: Herbert Bissell, collector of Buffalo, was a caller at the White house yesterday. Collector Bissell, as a friend, advised President Cleveland to dispose of his country place at the first opportunity. Bissell said he voiced the sentiment of the president's many friends in Western New York, with whom there is a belief that for the president to continue as owner of the place would imply that he had been a victim of real estate sharks. Bissell also advised that immediate steps be taken to rehabilitate the entire district government.

THE CASE OF FORT KLAMATH.

WASHINGTON, Nov. 22.—The probable disposition of the military reservation at Fort Klamath is still unknown. The sale of the lands involved has been suspended by the interior department until all who desire to argue the matter shall have been heard by the secretary of war. In the meantime the garrison, which the secretary of war recently ordered to the post, will be maintained there as before. Unless good and sufficient reasons be offered for the continuance of military rule, the president's order for the transfer of the lands to the interior department will be carried into effect.

MEETING OF THE APPROPRIATIONS COMMITTEE.

WASHINGTON, Nov. 22.—The appropriations committee of the house of representatives met today, pursuant to call of its chairman, Randall, and assigned the appropriation bills to the same subcommittees respectively which had them in charge at the last session. The sub-committee on the sundry civil bill, the members of which had the estimates already before them, held a meeting and made good progress with the work. The sub-committee on the legislative bill will meet to-morrow at 12, and that on the district of Columbia bill Wednesday.

CONGRESS AND THE MESSAGE.

NEW YORK, Nov. 22.—The *Herald's* Washington correspondent says: The senate, upon meeting, will hear the announcement of the death of Senator Pike of New Hampshire. This may lead to adjournment of both houses out of respect to his memory, thereby delaying the delivery of the president's message until Tuesday.

A REVOLT AGAINST CLEVELAND.

NEW YORK, Nov. 22.—A dispatch from Washington says: A gentleman from Indiana makes the statement that Wm. H. English will lead a revolt in that state against the president and his administration, and will be a candidate for the senatorship upon that issue.

RAILROAD NOTES.

PACIFIC COAST PASSENGER BUSINESS.

CHICAGO, Nov. 22.—At a meeting of representatives of lines interested in east bound Pacific coast passenger business, held to-day, the matter of regulation of payments of commissions was referred to committees of lines west of the Missouri river, and those east of Chicago, to agree upon satisfactory methods. The matter is already provided for by roads between Chicago and the Missouri river, their contract limiting commission on each single ticket to $1. This commission business has so badly demoralized the San Francisco market that none of the lines are known to have made any profit on sales for the past two years. The committees will report their conclusions to an adjourned meeting to be held to-morrow.

THE BREACH OF PROMISE CASE.

The fifth day of the Kelly-Highfield breach of promise trial began at 10 o'clock yesterday morning. The courtroom contained the usual large crowd of spectators. The prosecution introduced a large array of evidence as to the character and general reputation of the plaintiff.

Richard Williams, lawyer, testified as follows: Have never heard plaintiff's reputation questioned; had considerable business with her; never said to defendant or his attorney that he had better keep away from plaintiff, as she was putting up a job on him.

J. R. Foster, merchant: Know plaintiff; she is a hard-working, industrious, keen business woman; never heard her character questioned; consider her a good, virtuous woman.

Capt. R. Hoyt, pilot: Plaintiff's reputation for chastity is good.

J. Put Smith, broker: Have loaned plaintiff many sums of money; found her a hard-working woman; her reputation is good; know nearly every one in her locality; never heard her character questioned.

Samuel B. Parrish, chief of police: Never heard a word against her good name.

Mrs. Lindenbaum: Am a neighbor; we are intimate friends; visit each other every day, nearly every evening; she is a good woman; live next door; not a word can be said against her character.

Mrs. Wildman: Plaintiff and I are intimate friends; am well acquainted in her neighborhood; she is a good, virtuous woman; everybody knows that; not a word can be said against her.

J. H. Fisk, assayer: Never heard her character questioned.

The following other witnesses testified to substantially the same: Mrs. Wise, M. M. Southworth, L. Heish, John Donnerberg, M. Lindenbaum, E. Weideman and Milton Veidler.

This afternoon Mrs. Kelly, the plaintiff, took the stand in rebuttal. She denied all the allegations made against her virtue and respectability by the defendant.

Hugh Love, formerly a barkeeper for Andrew Robertson, testified that he knew Mrs. Kelly during the years 1882 and 1883; always looked upon her as a good woman and never heard her reputation for chastity questioned.

Wm. O. Allen, the housemover, testified that he had known Mrs. Kelly for ten years; had moved houses for her; that she conducted herself straight and upright in her business; she was always ladylike in her demeanor; never heard her reputation questioned.

R. A. Frame testified that Mrs. Kelly always deported herself as a lady in every respect; he had business relations with her in loaning money.

H. Clausenius, a collector for John Donnerberg, testified that he had known Mrs. Kelly for a number of years; she was always ladylike and prompt in business matters; never heard her reputation for chastity discussed.

Theodore Campbell, a barber, testified that he worked for Mrs. Kelly off and on for three years, and her reputation was good; he had never heard it questioned.

Dr. Ross was recalled by the plaintiff's attorney for the purpose of impeaching him. He was asked if he ever made a proposition to plaintiff to enter into an agreement whereby he would fit up a house of ill-fame and for her to run it; that he was already interested in two houses of this kind in this city, and one in Kalama. He denied it all, and stated that he never had a conversation of such a nature in his life; he never thought of such a thing, but after he was through being cross-examined be remembered that she had approached him on the subject and wanted him to take her to San Francisco for that purpose.

Mrs. Kelly was again recalled, when she testified that in 1876, while she resided on Alder street, Ross proposed to her to open a house of ill-fame, which he would furnish, etc., that they would divide, and that there was plenty of money in the business, especially in the selling of liquor.

Minnie Kelly, recalled, testified her mother never asked Highfield to marry her (Minnie.)

This closed the testimony. The arguments will be commenced with Wednesday morning, there being no court to-day.

This fact has been demonstrated in thousands of cases in San Francisco and surrounding country, which have been permanently cured by DR. MINTIE, after the old speculum plan had failed.

S. S. S. Cures Cancer, Scrofula, Eczema, Blood Poison, Malaria, Ulcers, And all Diseases Caused from Impure Blood.

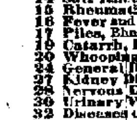

Cancer of the Tongue.

My wife, some three or four years ago, was troubled with an ulcer on the side of her tongue near the throat. The pain was incessant, causing loss of sleep and producing great nervous prostration. Accompanying this trouble was rheumatism. It had passed from the shoulders and centered in the wrist of one hand, she almost losing the use of it. Between the suffering of the two, life had grown burdensome. By the use of a half dozen small-sized bottles of Swift's Specific, she was entirely relieved and restored to health. This was three years ago, and there has been no return of the disease. H. L. MIDDLEBROOKS.

CONSTRUCTION OF WATER WORKS.

OFFICE OF THE WATER COMMITTEE,
PORTLAND, OREGON, October 8, 1886.

SEALED PROPOSALS FOR THE CONSTRUCTION of works for the water supply of the city of Portland, Oregon, will be received at this office until 12 M. December 15th, 1886.

These works will be constructed according to the plans and specifications dated August 24th, 1886, and will include thirty-one miles of wrought-iron pipe, 27 and 33 inches in diameter; three iron bridges; two thousand feet of submerged pipe under and across the Willamette river; a reservoir within the city limits, and all other works described in the specifications, excepting those specified as "Head works," which are under contract.

The specifications provide that the wrought-iron pipe shall be made of iron sixty inches in width, but proposals will also be received for furnishing the iron, and for manufacturing the entire length of pipe from either forty-two, forty-eight, or sixty inches in width.

Proposals will also be received for the construction of all the works described in the specifications, excepting the Head-works, for a lump sum, the contractor being at liberty to use iron for the pipes either forty-two, forty-eight, or sixty inches in width, the whole work to be completed within eighteen months after signing the contract.

For these modified forms of proposals the width of iron proposed will be stated in the bids, and a copy of this advertisement will be attached to each bid.

The proposals will be endorsed on the outside of the sealed envelope, "Proposals for Construction of Water Works," and addressed to Philip C. Schuyler, clerk of the Water Committee, Portland, Oregon.

The specifications and such further information as may be required will be furnished on application by ISAAC W. SMITH,
Engineer of the Water Committee,
Portland, Oregon.

PROPOSALS FOR BONDS.

OFFICE OF THE WATER COMMITTEE OF THE CITY OF PORTLAND.

SEALED PROPOSALS WILL BE RECEIVED AT this office until 12 o'clock noon, December 31, 1886, for the purchase of all or any portion of Bonds of said city dating January 1, 1887, and amounting to seven hundred thousand (700,000) dollars, in denominations of $500 and $1000 (at the option of the purchaser), payable thirty (30) years from this date, with interest at five per cent. per annum, payable semi-annually on the first days of January and July of each year. These bonds are authorized by an act of the Legislative Assembly of the State of Oregon, approved November 1885, and their legality has been affirmed by the Supreme Court (the last court of resort) of the State. They are issued for the construction of Water Works for said city, and will be delivered as money is needed for such works, the purchaser paying the accumulated interest in addition to purchase price. It is probable that $350,000 will be required on or before the 1st of [illegible] 1887, and the balance on or before the 1st of January, 1888. Thirty days' notice for call upon the purchaser for money will be given. The bonds, principal and interest are payable in United States gold coin, in the city of Portland, and are exempt from State, county or municipal taxation. The proposals will be enclosed on the outside of the sealed envelope "Proposals for Purchase of Bonds," and be addressed to Philip C. Schuyler, Clerk of the Water Committee, Portland, Oregon.
